

2024 NJAYF FLAG FOOTBALL RULES

NOTE: The rules listed below supersede all other Flag football rules.

PRE-GAME BOOK CHECK

All participants are required to go to the designated area, line up in book order / JERSEY NUMBER ORDER so opposing coaches can compare players with pictures in the player book.

INTRODUCTION

- A.** Thank you for volunteering your time to participate in your town's Flag Football Program. You may not realize it, but what you are doing will leave a lasting impression on your players that will hold onto for quite possibly the rest of their lives. You are taking the opportunity to not just teach them the game of football, but also be a positive role model, to teach them behaviors and values that will help mold the person they will grow to become.
- B.** As coaches and volunteers, we have to remember that the children participating in Flag Football are 5 & 6 year olds. This is their first introduction to playing the game in an organized format.
- C.** This is NOT A COMPETITIVE division. It is an INSTRUCTIONAL division. The purpose is to teach the players the basic fundamentals of football, to teach them the concept of respect and good sportsmanship, and most importantly, to allow them to have FUN.
- D.** This is meant to be a Positive experience and activity for the players.
- E.** No scores are to be kept.
- F.** There are no declared winners or losers.
- G.** Every player is to be respectful and complimentary towards not only their own coaches, teammates and parents, but also the opposing coaches, teammates and parents.
- H.** Every player is to be given fair playing time.
- I.** Every player should be given equal opportunity to touch the ball.
- J.** No child will leave the game excited if they played 12 snaps and spent their entire time blocking. However, a couple of hand-offs as the RB, or a chance to play QB for a few snaps, can change their entire experience, regardless of whether or not they gained yards, successfully completed a pass or scored a touchdown. It is those moments that will help build a child's love of the game. This is their first impression of the sport and will ultimately decide whether they move forward to play in the higher levels and help build a strong football program in your community, or leave the sport altogether.
- K.** Remember, no scores are being kept and there are no winners or losers. There is absolutely no incentive to give your best player(s) the ball every single play, as far too many coaches unfortunately do at this level.
- L.** As is stated above, this is an informative division and EVERY PLAYER should be played regularly at EVERY POSITION.
- M.** We want to emphasize the importance of fitness and health by devoting a portion of each practice (and or prior to each game) to exercise and conditioning. Furthermore, we need to use our influence as a coach and role model to impress upon the children the importance of being active, even when they're not at a field.
- N.** If your coaches cannot abide by the rules and have a "WINNING AT ALL COSTS MENTALITY", then this league is

not for them and those coaches will be removed from the game and the team will be removed from the schedule.

- . Remember it's about the kids and building the foundation of your organization in which these kids will be playing from Flag to 14U.
